Vellore District.

## ABOUT ME:

- I am a BCA graduate at DON BOSCO COLLEGE as a fresher, I would like to explore more in my career and I would like to be a good programmer.

## CAREER OBJECTIVE:

- I want to become a good passionate programmer is my goal. Having a good knowledge of programming will help me to do many projects. Like to work in a big company by putting heart and soul with full of hard work. Use modern programming languages to build a innovative projects that will be useful to the clients. My ambition is to become a software engineer.
